

SPONSORSHIP OPPORTUNITIES

KIDesign is an introduction to architecture and design in the world around us. This is an exciting opportunity for first through six graders to learn hands-on about the adventures of architecture and participate in various activities as they create and design their own projects with members of the local architectural community.

In conjunction with Architecture Week 2012, the event has been a huge success in previous years with participation by a diverse group of metro area children. This year's event will take place on Saturday, April 14, 2012 at the Oklahoma City Museum of Art.

Simply put, the Oklahoma City Foundation for Architecture and the American Institute of Architects rely on the generous support of our sponsors to host events such as KIDesign. This is a wonderful opportunity and educational experience to share with children the joys of architecture and their surrounding built environment. It is your contribution that counts.

KIDESIGN SUPPORTER (\$300):

- *Recognition in the AIA Newsletter and the AIA Weekly email.
- *Signage at the event listing your company as a sponsor.
- *Company name on Architecture Week t-shirts.
- *Company name on promotional marketing.
- *Complimentary admission for two children to the event.
